It is specially designed to remove the heaviest fats , oil, grease from kitchen hood , grease trap , machinery , equipment and all type of floor not effected by alkalis. is a low viscosity yellow colored liquid which is non-flammable and readily miscible with water in all proportions.

Advantages

- Easy to Use , An eco-friendly cleaner
- A highly concentrated and powerful cleaner
- safe to use on aluminum and soft metals
- Completely removes insoluble substances
- Non-corrosive and non-conductive

Packing

5 Ltr Jerrycan, 20 Ltr Jerrycan , 200 Ltr Drum

Product Specification :

- pH: 12.5-13.5
- Flashpoint: N/A
- Solubility in water: Complete
- Specific Gravity: 1.1
- Viscosity: <100 cps
- Appearance: Clear pale-yellow liquid
- Fragrance: Solvent

Recommended : It For extra heavy deposits and spot cleaning, dilution up to 1:15 depending on the severity of the deposit. Warm or moderately hot water (70 deg.C) will give added advantages. For moderate soils 1:40 to 1:60 with warm water. For light duty cleaning 1:80 to 1:150 will generally be sufficient. it may be applied either by spraying equipment, pressure cleaning, steam cleaning, immersion baths or by cloth, sponge, brush or mop. Always follow the cleaning operation with a water rinse until all traces eliminated.

Please Note: Several factors will dictate the most appropriate concentration rate. Please contact your nearest AMC representative for optimum results.
